**NATIONAL OFFICE MEMORANDUM
NO-25-2010 - AMENDED**

DATE	August 13, 2010	PRIORITY	1. For your information
TO	National Board of Directors		
RE	CIU Collective Bargaining		

Brothers & Sisters,

As indicated in NO-Memo 17/2010, the CIU Collective Bargaining Committee has now met and reviewed the bargaining demands that have been submitted. I am pleased to say that this was the largest intake in recent memory. The package of demands has been sent to translation in order to be ready to forward to the PSAC by Oct. 1/10.

Since there was some concern about the timing of the deadline and there were some communication problems, the Committee will be **accepting late demands until September 21, 2010** and meeting again in Ottawa on Sept. 22/10 to review any late demands that the Branches submit. If, for any reason, your Branch failed to meet the deadline, please take this opportunity to submit demands for the next round of negotiations. We will do our best to get them translated in time for the Oct. 1/10 PSAC deadline.

In solidarity,

Steve Pellerin-Fowlie
CIU Collective Bargaining Committee, Chair
