

**NATIONAL OFFICE MEMORANDUM
NO-05-2020**

DATE	March 25, 2020	PRIORITY	For your information / action
TO	National Branch Presidents		
RE	Complaint filed under Section 127.1 of Part II of the Canada Labour Code regarding COVID-19 exposure		

Sisters and Brothers,

The CBSA is refusing to allow the submission of Lab 1070 Hazardous Occurrence Investigation Reports when employees are exposed to the Covid-19 Virus, a hazardous substance. If this happens to you, we recommend that you:

- 1) Fill out the attached Hazard Complaint Report form; and
- 2) Email that form and the attached 127.1 Complaint to your immediate manager, c.c.'ing your CIU Branch President and the Co-Chair of your Workplace Health and Safety Committee.

Please be sure to retain a copy of both the form and the email for your records.

Thank you for all you do to protect Canadians and let's keep doing everything we can to keep each other safe.

In solidarity,

Mark Weber
1st National Vice-President and
Co-Chair of the Policy Health and Safety Committee
